RE: Revision to TIP Amendment 2009-04

The following Resolution No. 3875, Revised addresses two TIP amendments listed on the February 25, 2009 Commission meeting consent calendar – TIP amendments 2009-04 and 2009-05. Each is described in Attachment B of the Resolution.

Please note that TIP Amendment 2009-04 has been revised since the information provided to the Programming and Allocations Committee. Originally, the amendment updated the project lists and costs of several SHOPP Grouped listings managed by Caltrans, among other changes, for a total changed funding of \$84.2 million. The current amendment proposed a funding change of \$303.5 million. The difference between the funding amounts can be primarily attributed to two projects: 1) the Roadway Preservation Grouped Listing (with a change of \$115 million); and 2) the bridge preservation Grouped Listing (with a change of \$120.6 million). The change reflects an urgent request from Caltrans to revise the SHOPP listing to reflect a January California Transportation Commission action. The amendment will allow projects to not be disrupted. Details of the TIP 2009-04 project listings follow Resolution 3875, revised.
